

## English

### Key text: The Magic Porridge Pot

In English we will be focusing on using dialogue and synonyms for 'said' within a story. The children will be using adjectives to describe and using conjunctions such as 'and' to link sentences together. We will be continuing with daily phonics lessons in preparation for our Phonics Screening Check.

**History** This half term we are learning about Florence Nightingale. We will learn about why is remembered today as well as comparing old and new hospitals. We will be putting objects in chronological order from oldest to newest and we will order events on a timeline.

## Art

This half term children will be exploring 3D shape and they will be planning and making their own sculpture. The children will be applying a range of skills to create their own sculpture.

## RE

We will be exploring how different religions understand where the natural world came from and how different faiths view this evidence of God's existence.

# Year 1 Curriculum Map Summer 1 2025

## Values Diversity

### Link Values: Peace, Tolerance, Respect

**Reading Cafe** : Every Thursday 8:45 am-9:00 am

Please remember that your child should be reading daily and ensure that all homework is completed and handed in on time. Also, in preparation for the Phonics Screening Check, please practice sounds and word cards your child may bring home to consolidate their learning.

## Music

In our music lessons we will be learning different songs, finding the tempo and exploring rhythm with a range of instruments.

**Science** In our topic this half term we are learning about planting and growing. Our investigation question is 'Does the biggest seed grow the tallest plant?' We will grow and care for plants using sunflower and broad beans. We will use this to learn about the features of different plants and trees.

## Maths

At the start of the half term, our focus will be on multiplication and division. We be learning how to count in 2s, 5s and 10s. We will be recognising equal groups and making arrays. We will also be learning about finding halves and quarters in fractions. At the end of the half term, we will be describing turns and movements by using a range of mathematical vocabulary.

**PE** We will be learning new skills for sports day such as standing long jump, bean bag throwing and running techniques for races. We will be learning how to run an obstacle course whilst staying safe.

**PE days: Ladybirds and Butterflies** - Monday and Thursday  
**Dragonflies** - Tuesday and Thursday

**PSHE** This half term our focus is 'relationships'. In these lessons we will be learning about different types of families, friendship groups and celebrating important people in our lives.

**Computing** In computing we will be using direction keys to go left and right. We will learn how to create an algorithm and debug an algorithm. We will continue to explore ways to stay safe online.
